This is being distributed to residents of the Yerba Buena Center area to inform them of the opportunities for good housing assured them by the San Francisco Redevelopment Agency. This commitment is the one practical alternative to leaving the residents in their present blighted housing.

Some
people
think it's
all right
for you
to live
in the
midst
of all
this!

Compared to the rest of San Francisco,
in 1964 Yerba Buena Center had:

4 times more fires per gross acre
9 times more deaths from fires*

8 times more tuberculosis*
3 times more venereal disease*

5 times more major crimes*
30 times more drunk arrests*

*Per 1,000 population

YOU
we
say
DESERVE
BETTER

Along with many thoughtful people, the Redevelopment Agency believes you have a right to a better place to live ... a clean and pleasant place. A downtown place to live if you want to live downtown. A choice in good residential neighborhoods if you have a family.

How does all this happen?

The Redevelopment Agency's Plan for the Yerba Buena Center part of South of Market area is now before the Board of Supervisors. Part of this Plan is to tear down crumbling residences and outdated hotels.

When does this happen?

Not until the Board of Supervisors approves the Yerba Buena Center Plan and the Redevelopment Agency staff helps you find a place to move that fits your needs.

What do you do now?

Don't move yet. You will have plenty of time to make your plans. Don't fall for the rumors and scare stories from people who tell you they want to help you, but who want you to keep on living in some of the worst housing in San Francisco.

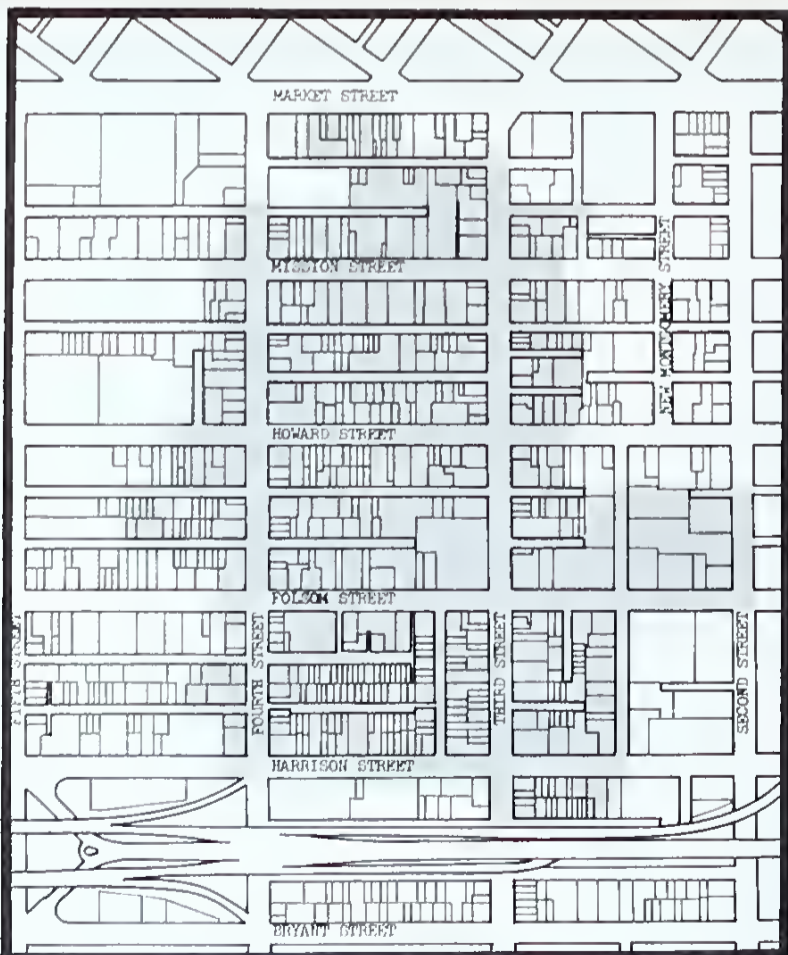

The Redevelopment Agency says:

YOU DESERVE BETTER — MUCH BETTER!

You can look to the Redevelopment Agency for...

- A proper place to live at rent you can afford, or you don't move.
- Your moving costs paid up to \$200.
- Extra cash up to \$500 for elderly individuals and families unable to pay average cost of standard housing.
- Priority for you in public housing, if you're eligible.
- Special people to help you get needed training, job referrals, and health services.

MUCH BETTER!
